

## GET TO KNOW ME

### Melissa Soares

#### Benefits Administrator / Payroll Specialist

**Years of Experience:** I have 10 years in the Finance Industry.

**Industry Experience:** The last 6 years I worked in the finance department at a consulting company that provided business, clinical, and IT services for clients.

**Why do you love what you do?** I love being able to make a difference! I have been a numbers person for so long. I am excited to bring my financial background into HR and help with audits and being detailed helping clients with their needs.

Melissa brings amazing organization skills and a love for country music (Kenny Chesney fans, take note!). Her happy place is the beach, and she's always up for a game of Rummikub or a rerun of Friends. When she's not dreaming of her next trip to Punta Cana or a quiet Italian village from The Eight Mountains, she's probably humming "Summertime" and enjoying some potato chips and Ginger Ale.
