Why do you love what you do? I love being a payroll specialist because it's a unique mix of precision, responsibility, and people-focused work.

I live in Maine and enjoy spending my free time outdoors, working around my farm where I spend much of my time caring for my horses and other animals, visiting historic sites, and exploring new places. Professionally, I enjoy building relationships, solving problems, and helping organizations create positive workplaces where both employees and businesses can succeed.
