I am a wife and Mom of 2 very active kids. We live in NH, and enjoy the changing of the seasons. We love to vacation both with the kids and then just my husband and I. We are a family who skis in the winter, when have time around the sports. We go away every April Vacation and Summer with the kids. We like to visit new places each year! I am very active in the peloton workout space, my workout is my sanity and you can find me on the bike, tread or strength training daily! I LOVE a good matching workout outfit. BlueLion is a great place to work. The owners are great, they truly understand and respect family coming first. They have allowed me to find a balance of still using my brain when my kids are at school, but being able to be in full Mom mode when its time. They have created a fun work environment, where we can all be our true selves and that is greatly appreciated.
