

HR TRANSITION COVERAGE

HOW EASY IS IT WHEN AN EMPLOYEE GIVES A TWO-WEEK NOTICE FOR YOU TO POST THE JOB, INTERVIEW, HIRE, AND TRAIN THE NEW PERSON BEFORE THE EXISTING EMPLOYEE LEAVES? NOT VERY EASY. LET US HELP.

The time and resources required to support an HR position change, coverage, and onboarding of a new team member can be costly. On average it costs 16% of an employee's annual salary to replace them.

With BlueLion's "HR Transition Coverage," we can cut this cost significantly for any firm.

When your HR representative gives notice, call BlueLion.

We will be there for support immediately to train with the outgoing team member, document all the processes, assist with hiring the replacement, and then train them on the tasks. This removes the burden of this position falling on someone else internally and keeps all HR-related functions confidential and in compliance, preventing things from falling through the gap.

We act as the bridge from the previous employee to the new one, keeping your focus on business and our focus on people.
