

# GIVING BACK

**It is our responsibility as part of a community and as human beings to give back when we can and where we can.**

Businesses that support those around them contribute to improving the community they do business in and live in. Giving back is like planting a garden; you must watch it, water it, weed it, and love it for it to grow to be beautiful and withstand the rain.

## BLUELION PLEDGES 1%

What if every company gave 1% of their time, products, or profits to charity? BlueLion is doing its part to make a positive impact on the world as a Pledge 1% Partner. By donating one percent of our annual profits, time, and services to charity and our local community, we make serving others a priority and hope to inspire others to do the same.

Check out [pledge1percent.org](http://pledge1percent.org) to learn more about how your business can give back to its community and change the world, 1% at a time.

## 100 WOMEN WHO CARE SOUTHERN NH

100 Women Who Care Southern NH Chapter is founded on a simple principal:  
How do we raise \$10,000 in one hour?

Easy! One-hundred women each bring \$100 and vote between three nominated charities...BAM! \$10,000 – SIMPLE, EASY, IMPACTFUL! BlueLion is proud to be members of this amazing group. Reach out to us if you are interested in getting involved, and visit our website for a list of charities we have been able to impact by being part of this group.
