Grace Cha

HR Consultant

Years of Experience: I have 15+ years of HR and Operations experience.

Industry Experience: I have HR and operations experience in hospitality, restaurants, markets, and travel, with local startups and global employers. I have over 10 years of experience working with airports, state, and port authorities. Most importantly, life experience is the best teacher of all.

Why do you love what you do? I love when businesses decide to strengthen and expand the heart of their businesses, which is their people. It's not always easy, but it always pays off when done right. The logistics and results fall into place after that.

I love animals and children because they tell you like it is. In my free time, I care for rescue horses and barn animals, walk dogs, socialize pets-to-be of all sizes, and read with grade school children to develop their confidence in learning. But it's really to let them know that everything will be OK. I think most of us forget what it's like to be a kid.
