

GET TO KNOW ME

Tyra Papaefthemiou Payroll Specialist

Years of Experience: I have 2+ years of experience in accounting and payroll.

Industry Experience: 2 years of experience working part-time at a small accounting firm before joining BlueLion. I did all things accounting – Payroll, Bookkeeping, and Individual Tax Returns. I focused heavily on payroll and was responsible for filing all SUI reports and Federal 941's quarterly, and also filed and issued W2/W3/1099 forms at year end.

Why do you love what you do? I love what I do as a Payroll Specialist because I get the best of both worlds – Accounting & HR work. I like helping clients ensure that their employees will be paid correctly and on time, every time. I enjoy being the one with the numbers for payroll.

Tyra was most recently with Lifetime Tax & Accounting, where she juggled client payrolls of all shapes and sizes. Before that, she was an accounting tutor at Manchester Community College. Tyra is a black belt in Taekwondo. Her super power would be teleportation and if she was stuck on a dessert island, she would bring a hammock. She goes camping for a week every year in Cape Neddick, Maine, which is her happy place. Tyra also enjoys spending time with her cat, Percy (Purr-cy). Tyra is excited to jump in, learn more, and contribute her talents to our PRIDE.
